## D59 RT CONTI SUIT

DW-D59RT

### Description

Dromex® DW-D59RT 100% cotton, high visibility 2-piece conti suit is designed to protect the user from basic hazards such as abrasion, whilst being durable and hardwearing commonly used in the mining, rigging and steel installation industries.

The Dromex® DW-D59RT two-piece suits is approved to the latest SANS 434 specification and has the SABS permit marking.

The Dromex® D59 100% cotton fabric construction is breathable, preventing accumulation of sweat especially when working in hot and humid environments and being natural is hypoallergenic, reducing skin irritations whilst promoting comfort. This fabric also provides thermal insulation when working in cooler environments.

This garment consists of the following:

Jacket features:

- Collared jacket with internal hanger loop.
- High visibility lime silver lime reflective tape on arms for enhanced visibility when working in poor lighting environments.
- Concealed brass zip closure.
- 2 Open waist pockets and 1 left breast pocket with Dromex® side -winder label, mitred flap and concealed heavy duty metal press stud closure.
- Side slits for better fit over waist.
- Seams with triple needle topstitching for added durability.

Pants features:

- High visibility lime silver lime reflective tape on legs for enhanced visibility when working in poor lighting environments.
- A concealed brass zip with metal button closure at waist.
- Two front swing pockets, and a rear mitred open pocket with Dromex® sidewinder.
- A tool/ruler pocket on the right leg.
- Triple needle topstitching for added durability.
- Inner elasticated waist for optimum fit and flexibility with 7 belt loops.

### Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These workwear garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. The information contained herein is intended to assist the wearer in the selection of personal protective equipment. Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the garment suitability for the intended use. Workwear protective garments should be thoroughly inspected before use to ensure no damage is present.

Should there be visible damage such as tears or burn holes, it is recommended to replace the garment immediately.

- The fabric is to SANS 1387-4 for D59 drill fabric, 4/1 satin weave @270gsm, 37 thread per cm weft and 19 threads per cm warp. The breaking strength is 940 N warp and 510 N weft.

### Packaging, Storage & Obsolescence

Dromex® DW-D59RT-J - jackets are packed in individual polybags and sold as 10 units per carton.

Dromex® DW-D59RT-P - pants are packed in individual polybags and sold as 10 units per carton.

### Cleaning & Maintenance

- The following suggestions will help keep your garment safe and neat:
- D59 garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to.
- Should home procedures not remove contaminants, then dry cleaning is recommended.
- Our recommended cleaning for these garments is as follows:
  - Flame Retardant garments should not be washed with personal non-flame retardant clothing to avoid contamination by flammable materials.
    - Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
    - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
    - Do not tumble dry.
    - Thoroughly rinse the garment to remove any wetting agents.
    - Do not hang in direct sunlight as fading may occur.
    - Iron the garment to enhance and re-generate the finish effect.
    - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
